10 am - 4 pm

California Public Utilities Commission
505 Van Ness Avenue, Hearing Room A
(Corner of Van Ness Avenue and McAllister Street)

The Telecommunications Division is hosting a workshop to discuss the Proposed Rules for Carriers' Short Term Inventory Levels addressed in the "Assigned Commissioner's Ruling Implementing Carrier Inventory Rules and Workshop" dated September 24, 2004.

Carriers’ and other parties’ technical experts should come prepared to discuss such issues as: how inventory rules based on historical use will affect carrier supply needs; whether another basis should be used for setting inventory rules; which numbering categories should be used to define historical use; how many NRUF periods should be considered in defining rules, and whether - and, if so, how - growth rate should be incorporated into inventory rules. Parties should also discuss the role marketing strategy should play in projecting six-month inventory rules. Carriers should be prepared to factually support their positions on historical use as well as future projections, especially as to marketing projections. Parties should provide any additional information they deem to be relevant in the shaping of any future inventory rules. In general, parties should provide supporting data to demonstrate their positions and arguments concerning need for numbers. Parties who wish to present alternate proposals for inventory rules should submit them in advance via email to Cherrie Conner (chr@cpuc.ca.gov) no later than Wednesday, September 29, 2004 at 5pm. Parties making presentations should plan to take no more than ten minutes to present their proposal, and they should come prepared to substantively support their proposal.

WORKSHOP AGENDA:

10:00 - 11:00 am: Presentation of CPUC proposal on carrier 6-month inventory rules

Summary: On September 16, 2004, Lad Lorenz, Vice President of Regulatory Affairs for San Diego Gas & Electric Company (SDG&E), met with Cmmr. Kennedy. Also present were Cmmr. Brown, Julie Fitch, advisor to Pres. Peevey, and Brian Prusnek, advisor to Cmmr. Kennedy. Written materials (copies attached to the notice) were used. Lorenz expressed strong support, with minor computational corrections, for the Pres. Peevey alternate decision, to permanently, fairly and equitably allocate the fixed costs of the Department of Water Resources revenue requirement. Lorenz stated that the alternate also provides utilities with clear incentives for operational decisions, contract administration and negotiations.
